

Modular Champion

Keepmoat have identified a significant gap in the market place for new homes that strategically fits with government agenda which we believe can deliver consistent low cost, high environmental quality and high volume solutions.

With a turnover of approx £600M Keepmoat is the leader in Community Regeneration focused on the provision of new housing for private and public sectors along with the refurbishment and repair of existing social housing.

Accordingly, Keepmoat is well placed to drive innovation across the sector and to deliver this outstanding opportunity to differentiate ourselves within the market.

In order to maximise this opportunity Keepmoat wishes to appoint a Champion to lead this with responsibility for positioning Keepmoat as market leader in the MMC and wider new build market place.

The role will involve:

The Champion will drive, deliver and develop the business plan to exceed Keepmoat's expectation. The initial key tasks include but not limited to:

- Building the team
- Delivering the prototype in conjunction with JV partner
- Delivering the first projects on time to establish Keepmoat's credibility
- Developing and promoting the offer
- Working with business units to maximise opportunity, turnover and profitable delivery
- Deliver the business plan
- Create shareholder value

This senior position will be based between Keepmoat Head Office in Doncaster and the JV factory and will be required to work across all operating regions. To be successful in this role you will:

- Demonstrate track record of delivering promises (customer and business plans)
- Be entrepreneurial
- Have a thorough technical and production understanding
- Be effective at communicating with Keepmoat Business Unit teams
- Be a good networker
- Have an excellent commercial understanding of the opportunity
- See the strategic picture
- Have an ability to coordinate, chair and present to working groups and forums
- MMC experience would be beneficial (not essential)

The position offers an excellent remuneration package including performance related bonus, company car or allowance, contributory pension and life assurance scheme, private health insurance and continuous personal development within a progressive company.

To apply please send CV and covering letter to tracey.ellis@keepmoat.com
Tracey Ellis, Keepmoat Ltd, The Waterfront, Lakeside Boulevard, Doncaster DN4 5PL

The closing date for applications is 8 January 2010.

Keepmoat Ltd is committed to equal opportunities and invites applications from all sectors of the community.
